There is a genuine novelty in the show window of The Ledger office. It is a seven-pound Tariff turnip, grown by Colonel M. L. Williams on his farm East of the city, and there is a bare suspicion that the article is the work of Major W. C. Phelps, one of the three Democratic candidates who survived the recent seismic disturbance.

Tas Leden's young friends are already supplying good old Santa Claus. His patient, little folks, old Santa was so rejoiced by the recent election that he had to lay in an unusually large supply of Christmas Gifts. In 1893 the Hon. T. M. Paynter received 18,253 votes; J. P. McCartney, Republican, 15,339; R. H. Yantis, Populist, 719. Paynter's plurality, 2,914.

These figures show that this year the Democrats gained 101 votes and the Republicans 3,710, while the Populists lost 320 votes.

Rev R. G. Patrick has been in Versailles for the past ten days assisting in a protracted meeting. The meeting has been largely attended, the interest has been very great and twenty had been added to the church up to Tuesday night. Mr. Patrick will be at home tomorrow and fill his pulpit Sunday.

WEDDING BELLS.

The Butter-Leonard and the Saenger-Caper Nuptials.

Truly beautiful and impressive were the services by which Miss Mary Leonard of this city and Mr. John H. Butler of Highland, Ky., were united in marriage at St. Patrick's Church at 1 o'clock yesterday afternoon.

The church was comfortably filled with friends of the contracting parties to witness the wedding affair.

Pompous, in his hour, the soft strains of the wedding March announced the arrival of the wedding party. First came the bridesmaids, Charles E. Fitzgerald and Thomas Brown, who led the way to the altar, followed by the bride and groom.

The bride, in her lovely gown, in a brown cloth traveling gown with beaver trimmings.

When the bridal party reached the foot of the altar, Rev. Father Koeber and pronounced the impressive betrothal service.

The groom is a worthy young man, and has for years been connected with the mechanical department of the Louisville and Nashville Railroad.

His bride is one of the estimable young ladies of this city.

The presents were numerous and elegant.

Mr. and Mrs. Butler left at 1:30 p. m. for a visit to his father here in Covington, after which they go to Richmond to reside, followed by the well wishes of their friends of Maysville.

SAUER-GAFER.

Those that gathered at the home of Mr. and Mrs. J. B. Orr on East Third street yesterday evening at 6:30 o'clock witnessed a beautiful nuptial wedding.

There were no mellow strains of the organ pealing forth the wedding March, no confusion of the tables and no large crowd that are usually attendant upon the occasion of a wedding—nothing but a quiet home wedding.

The contracting parties were Mr. William Sauer and Miss Tillie Gaffer, two young people from Paris, who thought a touch of romance would be the proper thing to add to the happy event.

Mr. Sauer is a brother of Mrs. Orr, and the couple concluded that Maysville would be just the place to come, and after arranging everything at their home in Paris, were to receive a large collection of presents, they boarded the train to the L. and N. Railroad and came to this city yesterday morning, where the final arrangements were made.

At the hour named the lights were dimmed and the bridal party entered the back parlor, and just as they appeared under the portiere, that ride the two parlor they were met by Rev. W. O. Cochran of the Central Presbyterian Church, who in a short and impressive ceremony, pronounced them husband and wife.

The bride was attired in a very neat brown suit carrying in her hand a beautiful bunch of bride roses.

The couple are both well known young people of the Bourbon capital, the bride being an exceptionally handsome young lady, and Mr. Sauer is to be congratulated on securing such a suitable life partner.

They will spend today in this city, and will leave for their home tomorrow evening, accompanied by Mr. and Mrs. J. B. Orr, who will visit relatives at Paris and Lexington, returning Tuesday.

"His Nibs the Baron."

This production given last evening at the Opera-house has no excuse for existing except for the purpose of creating laughter, and from the hearty reception it received from the audience it deserves to be credited with having secured a success.

There is some semblance to a plot in it, the details of which are presented with sufficient clearness to serve its purpose, as an amused audience does not care for consistency. The parts were all well assumed and the variety business in the second act was lively and pleasing.

Local, Mass., October 21st.

This attraction will appear at Washington Opera-house Wednesday evening, November 21st.

PLAIN WORDS.

SENATOR SHERMAN REPUDIATES AN "INTERVIEW."

He Says the McKinley Law Is Not What We Had, And That Recent Results Indicate It.

Senator Sherman repudiates the utterances of statements as to the McKinley Law, attributed to him in an interview published in a New York newspaper. Speaking to a United Press reporter in Washington City Wednesday he said:

"There is nothing in any statement I have made about the election or the McKinley Law that can be construed in any way as a reflection upon the distinguished Republican whose name the act bears.

On the contrary, I look upon the recent election as an endorsement of the general Protection policy of the Republican party; and the McKinley Act is the best expression of that policy this country has ever seen. It is, perhaps, not perfect—few Tariffs are—but its whole tenor and purpose must be in the sanction and approval of Republicans. When it comes to the question of schedules, the details of such a measure, there may be an honest difference of opinion as to Low high or how low certain rates should be placed.

There must be some in the Republican set upon whom some thought the duty too high; but every man in that great party considered the McKinley Act, as a whole, as representative of the general policy of the party that enacted it into law.

The last election must justify, therefore, be accepted as a general endorsement of the principles of the McKinley Act and of Republican ideas and policies, and a rebuke to the motives that actuated the party now dominant in National affairs.

Referring to the alleged factional trouble in Ohio and Governor McKinley's candidacy for the Presidency, if such it can be called, Mr. Sherman said:

"No party could have against Governor McKinley and the part he has taken in this campaign. Much credit has been given him, and he deserves much. For myself I would gladly vote for him as my party's candidate for President."

No party could have against Governor McKinley and the part he has taken in this campaign. Much credit has been given him, and he deserves much. For myself I would gladly vote for him as my party's candidate for President."

When asked about the possibilities of silver legislation during the forthcoming session of Congress, Mr. Sherman expressed his belief that no serious effort would be made to pass a free coinage bill.

"Still," continued he, "one can hardly tell what to expect. Events have transpired since adjournment that may cause much pressure in that direction. The silver men in this Congress are stronger just now than they have been in the past, and stronger, as I view it, than they will be in the future. The desire to force this issue and the further wish, possibly, to embarrass the President by compelling him to veto a free coinage bill, may be a potent factor in controlling legislation."

Es-Chief Justice of the Court of Appeals W. H. Holt of Frankfort has been retained by Judge Denny as one of his counsel in the contest which he will make for Owens's seat from the Seventh District.

General Grant on the Democracy.

Ex-Mayor Smith Ely of New York told the following story the other day about General Grant:

"General Grant never posed as a wit," he said, "but he had a quick sense of humor."

"At one of the weekly receptions at the White House, while Mr. Ely was a member of Congress, and shortly after Grant's second election, the Congressman said to the President:

"General, this crush increases every week—this is getting to be a great country."

"Yes," replied Grant, "and as the Democracy were pretty badly crushed last month there is nothing now to hinder the National progress."

"But, General," said Mr. Ely, "please remember the people's truth, truth crushes out all the rest again."

"I don't forget it," said Grant, laughing, "only I fail to see the connection between truth and the Democratic party."

SENSIBLE DEMOCRAT.

One Man Who Doesn't Lay It On the Secret Ballot.

Covington Commonwealth.

The Frankfort Capital suggests a constitutional amendment providing for the abolition of the secret ballot and a return to the viva voce system of voting, and the Flemingburg Times-Democrat unhesitatingly demands it. Neither suggestion nor demand will be regarded by the Legislature. It is not precisely the time to go predicting, but it is a tolerably safe prophecy that an amendment of that sort submitted to the voters of Kentucky would be overwhelmingly rejected.

Constitutions are, inherently, revolutionary, and do not go backward. The vote on the question would be taken by ballot and the ballot would be indorsed by a large majority.

The Republican vote would be cast solidly against a return to the viva voce system; the Democratic vote in the cities would be against it and a very large percentage of the Democratic vote in the country districts would go the same way.

Covington, though a Democratic town in some of its features, unjust and fraud producing though it is in other features, the ballot is desired by the people and they will retain it. There need be no fear of making Kentucky Republican. It will simply make the Democratic party more careful in the selection of its candidates. And talking of candidates, it is time for the party to get its thinking cap in working order for the election of 1896.

AMERICA FOR AMERICANS

MCKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned
in effigy in the English manufacturing
city of Sheffield, and in 1894 William
L. Wilson was dined and wine in London
because he is the author of a Free-Trade
Tariff Bill. These are significant facts.

"Let the Voters Answer"—Bulletin.
Well, they're answered; now please
tell us how you like it?

PROFESSOR WILSON told his English
banqueters that his Tariff Bill was "only
the first step." His second step was
down and out.

SENATOR SHERMAN having repudiated
the utterances attributed to him in re-
gard to the McKinley Tariff Bill, it
remains to be seen whether The Bulletin
will amend its remarks on that point.

THERE is no question that business
will now revive, and we shall be grati-
fied to have our Democratic contem-
poraries give daily attention to that
fact, and the only sensible reason for it.

MISSOURI, Kentucky, Tennessee, West
Virginia, Delaware, Maryland and North
Carolina, having tired of being border
states, have voted themselves clear out
of that class. The only border states
left are those bordering on the Gulf.

WHEN R. F. MARSH struck that fa-
mous quotation from THE LEDGER it was
the event of his life. He had more fun
than a barrel of monkeys. "Let the
Voters Answer!" he cried. And now
that they have answered he is ready to
cry some more.

HONORS are even, boys. The Honora-
ble HUCKLEBERRY A. STANLEY thumbed
the wind with his Democracy in Mason
and elected the Republican ticket. Then
JIM SALLER and JOHN CHAMBERLAIN
preached Democracy in Fleming and the
county went the other way.

"THE MAYSVILLE LEDGER is starting
all the iron, tin, woolen and other mills
in the country," says The Carlisle Mer-
cury. You're mistaken, Brother; the
owners of these mills are starting them
up, just as we said they would do there
would be some assurance that when
there would be a market for American-made
goods in preference to the goods that
England makes.

DR. J. P. HUFF, Editor of The Vance-
burg Star, at the solicitation of his
friends, will be a candidate for Door-
keeper of the next Congress. The Doc-
tor has done good service for the Repub-
lican party in Kentucky, and now that
the rock-ribbed old state has thrown off
very much of her Democracy, it is to be
hoped that the work of Kentucky Repub-
licans will receive due recognition at the
hands of the party in Congress.

AMONG the brilliant young Republi-
cans who were successful against big
Democratic odds in the recent election,
THE LEDGER is pleased to record the
election of HON. WALLACE S. GIBBELL
to the County Judgeship in Bath. Mr.
GIBBELL was the Republican candidate
for Presidential Elector in 1892, and
made a brilliant canvass of the District.
His success over his Democratic oppo-
nent places the Judgeship of Bath county
in the hands of a gentleman who will
wear his honors modestly and who will
serve his constituents faithfully.

THE Editor of The Bulletin gives
some space to an interview with Mr.
E. INALLS, the great railroadier, in
which, among other things, that gentle-
man says: "Times ought to be good
from this on, and I look for a marked
improvement." The Bulletin has the
assumption to lead its article, "Things
have been improving ever since the
Democrats revised the Tariff." Our
neighbor evidently forgets that Mr. IN-
ALLS, while a Democrat, is not of the
Free-trade brand, he is a Protectionist
from headlight to caboose.

PRESIDENT CLEVELAND is considering
the advisability of urging Congress to
proceed and amend the Tariff Bill by
making free raw materials of coal, iron,
sugar and barbed wire. The three
months that remain of Congress offer
the only opportunity to amend the Tariff
Bill, and he thinks that by changing in
that line the constructive legislative
prior of his Administration will be of
better color than it is at present. Mer-
chants and manufacturers need not be
disturbed, for it will be impossible to
pass any such legislation in the
short period remaining. The Tariff
Bill as it stands will remain in
force for three years at least.

OFFICIAL returns show that the result
of last Tuesday's election in Indiana
was not caused by the stay-at-home
Democrats, as has been claimed, but that
the Democrats went to the polls and
voted the Republican ticket. Two years
ago the Democrats in round numbers
cast 250,000 and the Republicans 253,000
votes. Nearly complete official returns
from this year's election show that the
Democrats cast 235,000 and the Republi-
cans 250,000. The Populist vote is
about 20,000, and the Prohibition vote
is in the neighborhood of 11,000. The
Prohibitionists show a falling off of 2-
000 and the Populists have made a gain
of 7,000. The total vote exceeds the
Presidential vote of two years ago by
from 7,000 to 9,000 votes! There was,
therefore, a small stay-at-home vote, and
the thing that the figures show and the
thing that cannot be gotten away from
is that about 25,000 Democrats marched
up to the polls and voted the Republican
ticket.

Buy
American
Goods
Only!

If every patriotic American will pur-
chase American goods only for his con-
sumption he will lessen the disastrous
effects of the Free-Trade Gorman Tariff
Bill. THE LEDGER invites all to join
in such a movement, and to sign the fol-
lowing pledge:

I hereby pledge myself to buy American
goods only, whether of the farm, mine or
factory, and to use my influence to have
others do the same.

DON'T MONKEY WITH IT.

St. Louis Globe-Democrat.
The fate of Morrison and Wilson will be a
few lessons to the wretched Tariff smashers.
If the Democrats ever get complete control
of the Government again they will have a
hard getting anybody to take the Chairmanship
of the Ways and Means Committee.

SOME SENSE HERE.

New Orleans Times-Democrat.
The people have thought it advisable to stop
all further Tariff tinkering and partisan leg-
islation by giving one of the two great parties
control of one of the branches of Congress,
and thus tying their hands.

If the Democracy learns wisdom by its de-
feats it will be all the more for the great
right of 1896.

GROVER AND BILLY OUT.

Philadelphia Inquirer.
The President and Colonel Breckinridge are
not the only ones who are out of the country
this year. The whole Democratic party was
squared on the dump when the cart tipped,
and what is left of it won't make a respectable
subject for an inquest.

Looked at in cold-blood, the returns mean
that the voters of this broad land know when
they have had enough.

CAUTIOUS.

No Notion of Interfering in the
Japan-China War.Administration Will Not Interfere
With Outside Matters

Call Our Good Offices Are Invited, Says
Secretary of State Graham.—The Euro-
pean Powers Watching Us Intensely
and Cleveland Will Act Cautiously.

WASHINGTON, Nov. 16.—Secretary
Graham says that the administration
has no notion of interfering in the
Japan-China war. The secretary says:
"In the event that both countries
ask for the intervention of the United
States in the matter, only then would
the case be taken under consideration.
At no time has the president or my-
self evinced the least disposition to
meddle with matters that did not con-
cern us, until our good offices were in-
vited. That is all there is in the talk
about the interference of the United
States government in the affair of these
two belligerents."

It is stated here in official circles
that Japan has not yet accepted the in-
vitation of the United States to submit
the question of peace with China to arbi-
tration. While this statement is
probably literally correct, there is
reason to believe that Japan has re-
quested, as a preliminary to action up-
on our invitation, that she be informed
explicitly just what terms China has to
propose as a basis of a treaty of peace.
Up to this moment China has not sub-
mitted any definite proposals, so that
the delay appears to be rather on her
part than with Japan.

It is becoming more evident that the
interference of European powers is the
troubling block in the way of a set-
tlement of the war through the me-
diation of the United States. They
nearly all have interests in the east
which they regard as paramount to
their own, and by no means relish the
action of the United States, first in
refusing to co-operate with them in
intervening, and second in seeking to
settle the war without reference to
the interests of any nation other
than China and Japan. In such cir-
cumstances, which might result in the
checking of the fruition of some lit-
tle schemes for their own aggrandize-
ment which had been formed.

Two Cremations.

NEWTON, N. Y., Nov. 16.—The body
of Wm. Sturges, the Chicago million-
aire, was incinerated at the Fresh Pond
crematorium. The present, besides the
clergyman who made the prayer over
the body of the dead man, were two
women, relatives of the deceased, who
had accompanied the body from Chicago,
and the organist who played a dirge
upon the little organ during the inciner-
ation. The body of Ygnacio Mar-
tinez, the well known club man and
member of the stock exchange, who
committed suicide last Sunday, was
also incinerated. Only a few of the
dead man's friends were present. The
ashes of Mr. Sturges and those of Mar-
tinez will be placed in handsome urns,
and will rest in opposite niches at the
crematory.

A. R. U. Officials to Meet.

CHICAGO, Nov. 16.—Eugene V. Debs,
Sylvester Kellogg, G. W. Howard, L. W.
Rogers and other officials of the A. R.
U. indicted for conspiracy, have been
ordered to appear before Judge Grosscup
Friday morning and personally answer
the plea. S. C. Gregory said Wednes-
day that the summons had come so
suddenly it was probable several of the
defendants could not appear, but he
expected the court would grant more
time. There will be no arguments or
motions Friday. The trial has been
set for December 4.

Drugged and Robbed.

TUPEX, Mex., Nov. 16.—An Ameri-
can named F. J. Hanley, here for the
purpose of buying a vanilla plantation
near here, started out alone and noth-
ing further was heard of him until he
was brought back by two Mexicans,
who found him wandering. He is de-
mented and all the money which he
had on his person when he left is gone.
It is believed that he was drugged by
the loco weed and robbed. From a
card found in the pocket of the unfor-
tunate man it is learned that his home
is in Pittsburgh, Pa.

A Lithuanian Colony.

BALTIMORE, Nov. 16.—Mr. John Co-
oper, of Baltimore, who recently bought
1,000 acres of land near Wheaton's
wharf, on the Rappahannock river,
Virginia, has just obtained an option
on 6,000 acres adjoining his first prop-
erty. It is said he wants the land for
a colony of Lithuanians who wish to
come to this country to settle and
engage in farming. He is endeavoring
to secure 15,000 additional acres, so as
to make the whole tract for the colony
22,000 acres.

Lorraine Weavers Go Back.

PAWTUCKET, R. I., Nov. 16.—The
striking weavers at the Lorraine mills
here, who have been out since October
2, voted to return to their looms next
Monday. The settlement was accom-
plished through the intervention of
Mayor Tiepie. It is claimed by the
management that the employees will,
by the introduction of the improved
loom heads on the machinery, be able
to earn more than before the cut-down.

Twenty-two Drowned.

LONDON, Nov. 16.—The British ship
Calumore, Capt. Read, foundered eight
miles off Spurnhead, County York.
Twenty-two persons were drowned.
The Calumore was bound for Port Glas-
gow in 1890. She registered 1,439 tons
and was 305 feet long, 38 feet beam
and 23 feet deep. She sailed from
London and was owned by
Thompson, Dickie & Co.

A Gambler's Last Deal.

ALBUQUERQUE, N. M., Nov. 16.—Jacob
Hirsch, a dry goods dealer, formerly
of New York, committed suicide here
by taking morphine. Dependancy
upon the use of this drug at gambling is
supposed to have been the cause.

GRAVE CHARGES.

Miners Under Arrest For Engaging in
Fists to Kill, Burn Property and Many
Other Offenses.

NEW YORK, Nov. 16.—Seven men
were placed under lock and key in
the jail at Ridgeway, Pa., Wednesday
morning, and they will be closely
guarded until they are brought to
trial. They are coal miners, and at
their doors are laid various deeds of
violence, the least of which is burn-
ing of valuable property, the as-
saulting and beating of men who
worked in their places, plotting to
kill their employers, and ending in
the killing of a boy, when the house
of a nonunion worker was blown up
with dynamite. Those who are now
in jail here are: Frank Myers, who
is charged with murder and arson,
having been, it is said, the ring-leader
in the burning and destruction of prop-
erty, and having instigated the blow-
ing up of a house with dynamite, the
result being the death of a boy and the
maiming of several other persons. It
was charged that Myers, who was
working as a miner, plotted to kill
his employers, and that he was in-
volved in the burning of a house, the
result being the death of a boy and the
maiming of several other persons.

Ludwig Roselbeck, charged with
murder and arson, having manufac-
tured the bomb which killed the boy.
Edward Fox, charged with murder
and arson, having touched off the bomb.
Leo Worm, charged with arson and
murder, in having helped discharge
the bomb.

William Geithner, charged with arson,
in having applied torches to many
houses that were burned. It was
Geithner's talk that put the detectives
on the track.

Sebastian Schwenker, charged with
arson, being implicated with Geithner.
Joseph Geitel, also implicated with
Geithner and accused of arson.

This information was sent to Detec-
tive Behring by his partner, Daniel
Mcweeney, who, armed with war-
rants and guarded by six of his most
trusted assistants, went to the miners'
houses in the dead of night and drag-
ged the men out of their beds and
away to jail. And it is the belief that
before many hours have passed the
company of jailbirds will be increased
by nearly a dozen, who are to be im-
prisoned on charges of being implicated
in the outlay.

AT BLUEFIELDS.

The United States Comes Out With Flying
Colors.

WASHINGTON, Nov. 16.—Dr. Guzman,
the Nicaraguan minister here, has re-
ceived reports from Bluefields which
are very gratifying to him, and to his
own government, as indicating a most
satisfactory settlement of the troubles
which have for so many months af-
flicted the Nicaraguan republic. On
September 29 last the new constitu-
tion was proclaimed, firmly asserting
Nicaraguan supremacy there, and
the American flag was hoisted in the
city. The British warship Mohawk,
then in port, took no notice of the
observance on shore, but the U. S. steam-
er Marcheleid fired a salute of nineteen
guns, and Capt. O'Neill addressed a
most flattering letter to Gov. Cabezas,
congratulating him upon the success
which had attended the efforts to re-
store peace.

BACK TO THE FARM.

President Stickney's Plan for the
Congested Condition of the Cities.

DEE MOYSE, Ia., Nov. 16.—President
A. R. Stickney addressed a large audi-
ence at the Y. M. C. auditorium, un-
der the auspices of the Des Moines
Commercial exchange. Mr. Stickney
spoke upon the conditions precedent
to the revival of business in cities.
The central thought of the address
was that too many laborers have
rushed into the cities and that an equi-
librium must be restored by reducing
the number of men and bettering the
methods of agriculture. Mr. Stickney
then discussed the economical size of
farms and the possibilities of small
farms. The magnitude of the migra-
tion to farms in 1878-82 was discussed.
Recent great business disasters were
confined to cities and urban occupa-
tions, he said. A migration to the
farms was predicted. He discussed
some of the objections to country life
and how they may be obviated.

Strangled Three to Clear Himself.

DENVER, Col., Nov. 16.—Although
many detectives are working upon the
Market street strangling cases the mur-
derer is still at large and the terror-
stricken female denizens of the row to
which his operations have so far been
confined are making preparations to
move. Several have left the city.
Richard Demany, whose mistress Lena
Tapper, one of the strangler's victims,
was held on trial for the murder of
Lena Tapper, who was killed by Marie
Contassiot, whose husband was strangled
by the same woman, was ordered to
leave the city.

One Chinese Army Lost.

TEXAS, Nov. 16.—The present
whereabouts of the Chinese army
which was defeated at Kia Lin Cheng
is unknown here. Col. Van Hannekin
has been given supreme command of
the Chinese army.

What It Cost.

LONDON, Nov. 16.—A dispatch from
Vienna to the Times says that the
three states that, including the 600,000
roubles divided among the doctors,
Gen. Alex. Miller's illness and journey to
Livadia cost 10,000,000 roubles.

Gen. Miles Assigned.

CHICAGO, Nov. 16.—Gen. Miles has
received an order from the war depart-
ment assigning him to the command
of the 6th and will leave Chicago on
Saturday.

Fullman Co. Dividends.

CHICAGO, Nov. 16.—Fullman Pal-
mer & Co. paid Thursday its regular
quarterly dividend of two dollars per
share.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends
who have moved to distant places—gone West,
perhaps, to grow up with the country—are al-
ways glad to hear from their "Old Kentucky
Home"? And did it ever occur to you that a
single copy of THE MAYSVILLE REPUBLICAN—the
weekly edition of The Public Ledger—con-
tains more home news than you could em-
brace in a hundred ordinary letters? And did
it ever strike you that you can send the paper to
your relatives and friends for a whole year
at less cost than you can write a letter every
week? Besides, don't you think a year's sub-
scription to THE REPUBLICAN would be a pre-
sented highly appreciated by those at a distance?
Suppose you try it and hear what they have to
say on the subject.
